European City of Science Leiden 2022

Universiteit Leiden

IMPULS & WOORTBLIND

Parallel program @Train station entrance at our Living Street Library

Welcome to everybody who is interested in ADHD
to learn more of ADHD

People with ADHD are the 'books' in this Living Street Library.

In this Living Street Library, books are people, and reading is talking with them. Visitors can come up with questions or browse the 'catalogue' for the available titles, choose the 'book' they want to read, and borrow it for 15 minutes. After reading (talking), they return the 'book' to the library.

*) at the university side exit of the train station is a square; address: Bargelaan, Leiden (outside program)
